Game rules:

- 1. Pilot a submarine (Submarine control by pressing up,down,left,right arrow)**
- 2. Changing camera positions by pressing ‘a’, ‘s’, ‘d’, ‘f’, ‘g’, ‘h’. [a: zoom in, s: zoom out, d: camera left, f: camera right, g: camera up, h: camera down]**
- 3. Avoid fishes. Colliding with fish will decrease both point and life by 1. Total number of life: 10. Losing all life will cause gameover.**

- 4. Collect diamonds for points. Collecting 1 diamond will increase points by 1.**
- 5. Collect keys for completing level. Failure in collecting the target number of keys will cause gameover.**
- 6. Oxygen level will decrease automatically. Reaching the water surface will refill the oxygen meter. Empty oxygen meter will cause gameover.**
- 7. Enemy submarines will appear from level 2. Enemy submarines will shoot bullets. Hitting 15 bullets or direct contact with an enemy submarine will cause game over.**
- 8. Active/deactive cheat mode by pressing 'c' or 'C'. In level 1, activating cheat mode will collect diamonds and keys automatically. And from level 2 an extra shield will appear for getting protection from enemy bullets.**
- 9. Restart game by pressing 'r' after gameover.**
- 10. Clickable button. Pause/Play, Quit game**
